# WHY HEAVY DUTY EXIT SIGNS

Safety Path Heavy Duty Exit Signs utilise SmarterLite technology to reduce carbon emissions, landfill, operating costs and downtime for asset holders.

**Smarterlite technology exceeds highest standards globally.**

Photoluminescence developed to comply with National Construction Code.

**SmarterLite**  
36mcd/m<sup>2</sup> for 90 mins

**Australia**  
30mcd/m<sup>2</sup> for 90 mins

**USA**  
5mcd/m<sup>2</sup> for 90 mins

**Europe**  
2.8mcd/m<sup>2</sup> for 60 mins

**Savings of  
80kg of Carbon**

Savings per sign per annum  
(comparing 10W to 0W)

**100%**

**Reduction in  
electricity usage**

**No 90-minute  
discharge test**

Over \$100 saving per sign,  
per year, forever

**No Wattage**

0.75 Watts

**No E-Waste**

Do not rely on back-up  
batteries

**Battery Free**

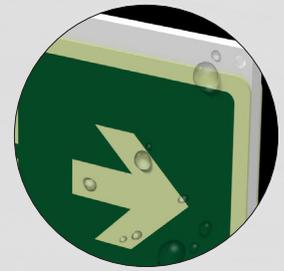

**30+ Service Life**

# ENVIRONMENTAL EXIT SIGN

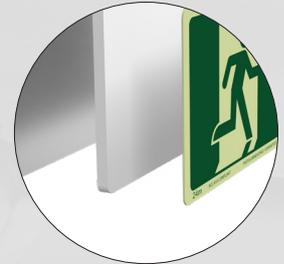

The Safety Path Heavy Duty Exit Sign is a fixed panel waterproof and dustproof environmental exit sign using SmarterLite Technology. The Heavy Duty Exit Sign is ideal for industrial and commercial environments, and temporary event facilities - in fact, anywhere that you need a tough waterproof and dustproof Exit Sign.

It does not use electricity, generates zero emissions, and has no battery and eWaste. It has been installed in nearly 80 new Bunnings Warehouse stores across Australia as well as commercial warehouses, industrial facilities, distribution centres and farms.

The Heavy Duty Exit Sign is resistant to moisture and dust, and can be used in flood-prone environments. When floodwaters recede, a quick wipe clean and it is restored.

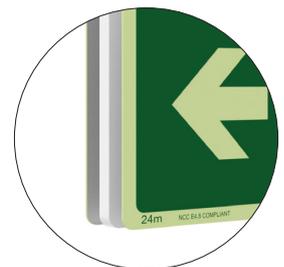

**Water and  
dust resistant**

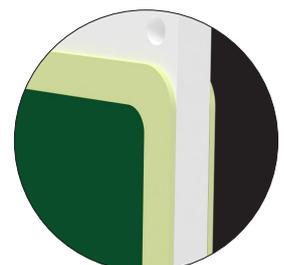

**No batteries,  
electricity or e-Waste**

**Smarterlite technology  
provides highest luminance  
standard Globally**

**Simple components,  
fully recyclable**

**Fixed pictorial panels**
